

I am Cailleach

Theresa

I am Cailleach, I am strong

I have pink lips.

I love coffee with 3 sugars.

I knit gloves, scarfs, jumpers, and leggings. People just ask me to knit all the above.

I will knit a large scarf that is tartan or other colours like pink and grey.

My granny, who looked very young for her age, taught me all the things: knitting, sewing and embroidery.

My mother learned from her and also taught me. As I've gotten older I am closer to my mum.

I am Cailleach and I come from other Cailleachs before me.

I try to help people as much as I can.

I don't think of myself as strong, but people that know me say I am. I have lifted heavy rocks that make a nice wall around me.

I needed an operation a couple of years ago. I had a mastectomy and just got on with it. There is nothing you can do, but I came through it and went from strength to strength.

I am Cailleach and singing makes me happy.

It's like spring, tulips and other flowers.

I am Calliach, and I am strong.
